**UPPER MISSISSIPPI RIVER SYSTEM**
**ENVIRONMENTAL MANAGEMENT PROGRAM**
**DEFINITE PROJECT REPORT**
**WITH INTEGRATED ENVIRONMENTAL ASSESSMENT (R-13F)**

**POOL 11 ISLANDS HABITAT REHABILITATION AND ENHANCEMENT**

**POOL 11, MISSISSIPPI RIVER MILES 583.3 THROUGH 593.0**
**DUBUQUE COUNTY, IOWA, AND GRANT COUNTY, WISCONSIN**

## CONTENTS

**Subject** **Page**

1. INTRODUCTION ..... 1

   a. Purpose ..... 1
   b. Resource Problems and Opportunities ..... 1
   c. Project Selection ..... 1
   d. Scope of Study ..... 2
   e. Format of Report ..... 2
   f. Authority ..... 2

2. ASSESSMENT OF EXISTING RESOURCES ..... 3

   a. Resource History ..... 3
   b. Land Use and Management ..... 3
   c. Water Resources ..... 4
   d. Water Quality ..... 4
   e. Vegetation ..... 5
   f. Fish and Wildlife ..... 6
   g. Habitat Types and Distribution ..... 7
   h. Hazardous, Toxic, and Radioactive Waste ..... 8
   i. Historic Properties ..... 8

3. PROJECT GOALS AND OBJECTIVES ..... 11

   a. Problem Identification ..... 11
   b. General Fish and Wildlife Management Goals ..... 12
   c. Project Goals, Objectives, and Potential Project Features ..... 13
   d. Criteria for Potential Enhancement Features ..... 14

**CONTENTS (Continued)**

**Subject** **Page**

4. POTENTIAL PROJECT FEATURES....16

a. General....16
b. Potential Features to Restore and Protect Aquatic and Backwater Habitat....16
c. Combination of Potential Features into Potential Alternatives....18

5. EVALUATION OF FEASIBLE PROJECT FEATURES AND FORMULATION OF ALTERNATIVES....20

a. Feasible Project Alternatives and Increments....20
b. Environmental Output Evaluation....24
c. Cost Estimates for Habitat Improvement Measures....25
d. Formulation and Evaluation of Alternative Plans....26

6. RECOMMENDED PLAN: DESCRIPTION WITH DESIGN, CONSTRUCTION, OPERATION, AND MAINTENANCE CONSIDERATIONS....33

a. General Description....33
b. Recommended Plan....33
c. Construction Considerations....35
d. Project Data Summary....38
e. Operation....39
f. Maintenance....39

7. SCHEDULE FOR DESIGN AND CONSTRUCTION....40

8. COST ESTIMATES....41

9. ENVIRONMENTAL EFFECTS....45

a. Summary of Effects....45
b. Economic and Social Impacts....45
c. Natural Resources Impacts....46
d. Historic Properties....49
e. Mineral Resources....49
f. Cumulative Impacts....49
g. Adverse Impacts Which Cannot Be Avoided....49
h. Short-Term Versus Long-Term Productivity....49
i. Irreversible or Irretrievable Resource Commitments....49
j. Relationship of the Proposed Project to Land-Use Plans....49
k. Compliance with Environmental Quality Statutes....50

## CONTENTS (Continued)

**Subject** **Page**

10. PROJECT PERFORMANCE ASSESSMENT ..... 53

11. REAL ESTATE REQUIREMENTS ..... 62

12. IMPLEMENTATION RESPONSIBILITIES AND VIEWS ..... 64

    a. Corps of Engineers ..... 64
    b. U.S. Fish and Wildlife Service ..... 64
    c. Iowa and Wisconsin Departments of Natural Resources ..... 64

13. COORDINATION, PUBLIC VIEWS, AND COMMENTS ..... 65

    a. Coordination Meetings ..... 65
    b. Coordination by Correspondence ..... 66

14. CONCLUSIONS ..... 71

15. RECOMMENDATIONS ..... 72

16. FINDING OF NO SIGNIFICANT IMPACT

### Tables

| No. | Title | Page |
|---|---|---|
| 2-1 | Flood Flows and Elevations | 4 |
| 3-1 | Project Goals, Objectives, and Potential Project Features | 14 |
| 3-2 | Potential Enhancement Features Development Criteria | 15 |
| 5-1 | Potential Project Features - Outputs and Costs | 26 |
| 5-2 | Cost-Effective and Least-Cost Combinations – Sunfish Lake and Mud Lake | 28 |
| 5-3 | Cost-Effective and Least-Cost Combinations – Sinnippee and Islands | 29 |
| 5-4 | Incremental Costs (Best Buy Plans) – Sunfish Lake and Mud Lake | 30 |
| 6-1 | Basis of Dredging/Excavation | 35 |
| 6-2 | Probable Construction Sequence | 37 |
| 6-3 | Proposed Contract Award Schedule | 37 |
| 6-4 | Pool 11 Islands Project Data Summary | 38 |
| 7-1 | Project Implementation Schedule | 40 |
| 8-1 | Pool 11 Islands Habitat Rehabilitation and Enhancement Project Cost Summary | 41 |
| 8-2 | Estimated Annual Operation and Maintenance Costs | 43 |
| 8-3 | Estimated Post-Construction Annual Monitoring Costs | 44 |

## CONTENTS (Continued)

### Tables (Continued)

| No. | Title | Page |
|---|---|---|
| 9-1 | Relationship of Plans to Environmental Protection Statutes and Other Environmental Requirements | 52 |
| 10-1 | Monitoring and Performance Evaluation Matrix | 54 |
| 10-2 | Resource Monitoring and Data Collection Summary | 55 |
| 10-3 | Pool 11 Islands Post-Construction Evaluation Plan | 61 |

### Figures

| No. | Title | Page |
|---|---|---|
| ES-1 | Project Location Map | ES-4 |
| 2-1 | Pre-Impoundment Map | 9 |
| 2-2 | Historic Diving Duck Use Areas | 10 |
| 5-1 | Cost-Effective and Least-Cost Plans – Sunfish Lake and Mud Lake | 28 |
| 5-2 | Cost-Effective and Least-Cost Plans – Sinnippee and Islands | 29 |
| 5-3 | Best Buy Plans – Sunfish Lake and Mud Lake | 30 |

### Plates

| No. | Title |
|---|---|
| 1 | Location Plan and Vicinity Map |
| 2 | Project Areas Evaluated |
| 3 | Sunfish Lake/Sinnippee Creek - Potential Features Evaluated |
| 4 | Constructed Islands Potential Features Evaluated - Small |
| 5 | Constructed Islands Potential Features Evaluated - Medium |
| 6 | Constructed Islands Potential Features Evaluated - Large |
| 7 | Constructed Islands Potential Features Evaluated - 5 Medium |
| 8 | Mud Lake - Embankment with Islands Potential Feature Evaluated |
| 9 | Mud Lake - Full Embankment Potential Feature Evaluated |
| 10 | Pool 11 Islands Recommended Site Plan |
| 11 | Sunfish Lake - Recommended Plan |
| 12 | Mud Lake Recommended Plan |
| 13 | Recommended Plan - Deflection Embankment Profiles |
| 14 | Sunfish Lake Recommended Plan, Typical Sections |

## CONTENTS (Continued)

### Plates (Continued)

| No. | Title |
|---|---|
| 15 | Mud Lake Recommended Plan, Typical Sections |
| 16 | Pre-Construction Monitoring Plan |
| 17 | Post-Construction Monitoring Plan |
| 18 | Sunfish Lake Transects |
| 19 | Mud Lake Transects |
| 20 | Mud Lake Transects |

### Appendices

A - Correspondence
B - Clean Water Act, Section 404(b)(1) Evaluation
C - Draft Memorandum of Agreement
D - Habitat Evaluation and Quantification
E - Incremental Cost Analysis
F - Water Quality
G - Geotechnical Considerations
H - Hydrology and Hydraulics
I - Cost Estimate
J - Literature Cited
K - Hazardous, Toxic, and Radioactive Waste
L - Biological Assessment
M - Sedimentation
N - Distribution List
