

**ILLINOIS RIVER BASIN RESTORATION
COMPREHENSIVE PLAN
WITH INTEGRATED ENVIRONMENTAL ASSESSMENT**

CONTENTS

Executive Summary

1. Introduction	
A. Study Authority.....	1-1
B. Description of the Study Area.....	1-5
C. Study Purpose and Scope *	1-6
D. Study Organization.....	1-12
E. Relationship Among Corps, Federal, and State Activities.....	1-15
F. Concise Discussion of Studies, Reports, and Existing Water Projects	1-18
2. Study Context and Setting	
A. Need for Action.....	2-1
B. Significance of the Illinois River Basin Ecosystem	2-2
C. Background and History	2-7
D. Existing Conditions.....	2-22
E. Future Without Project Conditions	2-45
F. Desired Future Conditions	2-51
3. Plan Formulation	
A. Description of the Study Process	3-1
B. Assessment of Problems, Opportunities, and Constraints.....	3-2
C. System Formulation Concept.....	3-8
D. Affected Environment *	3-9
E. Overarching Goal: Ecological Integrity	3-10
F. Goal 1: Sediment Delivery	3-15
1. Inventory Resource Conditions	3-16
2. Formulation of Alternative Plans *	3-21
3. Evaluation and Comparison of Plans.....	3-27
4. Plans Recommended for System Analysis	3-30
G. Goal 2: Backwaters and Side Channels.....	3-37
1. Inventory Resource Conditions	3-37
2. Formulation of Alternative Plans *	3-54
3. Evaluation and Comparison of Plans.....	3-68
4. Plans Recommended for System Analysis	3-68
H. Goal 3: Floodplain, Riparian, and Aquatic	3-69
1. Inventory Resource Conditions	3-70
2. Formulation of Alternative Plans *	3-77
3. Evaluation and Comparison of Plans.....	3-80
4. Plans Recommended for System Analysis	3-82
I. Goal 4: Connectivity (Fish Passage)	3-83
1. Inventory Resource Conditions	3-83
2. Formulation of Alternative Plans *	3-97
3. Evaluation and Comparison of Plans.....	3-102
4. Plans Recommended for System Analysis	3-103

J.	Goal 5: Hydrology and Water Levels.....	3-108
1.	Inventory Resource Conditions.....	3-109
2.	Formulation of Alternative Plans *	3-119
3.	Evaluation and Comparison of Plans	3-140
4.	Plans Recommended for System Analysis	3-144
K.	Goal 6: Water and Sediment Quality.....	3-152
1.	Inventory Resource Conditions.....	3-152
2.	Formulation of Alternative Plans *	3-159
L.	System Evaluations	3-160
1.	Formulation of Alternative Plans *	3-160
2.	Evaluation and Comparison of Plans	3-174
3.	Selection of the Recommended Plan	3-189
 4. Description of the Recommended Plan		
A.	Component Measures in Restoration Projects.....	4-2
1.	Overarching Goal – Ecological Integrity	4-2
2.	Goal 1 – Sediment Delivery.....	4-2
3.	Goal 2 – Backwaters and Side Channels	4-7
4.	Goal 3 – Floodplain, Riparian, and Aquatic	4-11
5.	Goal 4 – Connectivity	4-13
6.	Goal 5 – Water Levels	4-14
7.	Goal 6 – Water and Sediment Quality	4-15
8.	Adaptive Management	4-16
9.	Technologies and Innovative Approaches	4-16
B.	Implementation Through 2011 and 2015	4-17
 5. Environmental Impacts/Effects		
	System Recommendations	5-1
A.	Environmental Impacts of the Selected Alternative *	5-1
B.	Socioeconomic Effects Recommended Ecosystem Restoration Alternative 6*.....	5-13
C.	Cumulative Impacts *	5-17
D.	Environmental Impacts of the Non-Preferred Alternatives *	5-21
E.	Probable Adverse Environmental Impacts Which Cannot Be Avoided *	5-24
F.	Any Irreversible or Irretrievable Commitments of Resources *	5-27
G.	Relationship of the Selected Alternative to Land-Use Plans *	5-27
H.	Compliance with Environmental Quality Statutes *	5-27
 6. Plan Implementation		
A.	Implementation Overview	6-1
1.	Tiered Implementation Approach.....	6-1
2.	Implementation Framework Goals	6-3
3.	Assumptions and Strategy for Initial Efforts	6-3
4.	Cooperative Conservation.....	6-5
B.	Implementation Framework	6-22
1.	Program Management.....	6-22
2.	Critical Restoration Projects	6-23
3.	Status of Critical Restoration Projects	6-29
4.	Initial Project Schedules through 2011 (Tier I) and 2015 (Tier II).....	6-33
5.	Adaptive Management Principles	6-33

C.	Technologies and Innovative Approaches Component	3-37
1.	Illinois River Basin Monitoring Program	3-37
2.	Sediment Removal and Beneficial Use	3-37
D.	Division of Plan Responsibility	3-49
1.	Recommended Plan Cost Sharing	3-49
2.	Federal Responsibilities	3-49
3.	Non-Federal Responsibilities	3-50
E.	Institutional Requirements	3-52
1.	Sponsorship Agreement	3-52
2.	Local Cooperation	3-52
3.	Project Management Plan	3-52
4.	Plan Implementation	3-53
5.	Project Implementation Schedule	3-54
6.	Views of Non-Federal Sponsor(s) and Any Other Agencies	3-54
7.	Summary of Coordination, Public Views, and Comments *	
A.	Public Views and Comments	7-1
1.	Public Involvement	7-1
2.	Study Initiation Open Houses	7-2
3.	Team Meetings to Discuss Goals and Alternatives	7-4
4.	Site-specific Open Houses	7-4
5.	Public Meetings	7-6
6.	Summary of Public Involvement Process	7-8
B.	NEPA Coordination	7-9
8.	Recommendations (Including Disclaimer)	8-1

Finding of No Significant Impact (FONSI)

* Denotes sections required for Environmental Assessment/NEPA Compliance
