Location: The project area is located in and around Iowa City and Coralville, Johnson County, Iowa. It stretches along the Iowa River Floodplain from north of Interstate 80 to Burlington Street in downtown Iowa City and along the Clear Creek corridor from its mouth

River Basin(s): Iowa / Cedar

State(s): IA

Congressional District(s): IA-2

Status

Approved for Feasibility study. Study is on hold due to insufficient funding.

Description

The purpose of this project is to restore and enhance wetland, riparian, and stream habitat along and adjacent to the Iowa River and Clear Creek. It will also restore a section of Clear Creek, which has been channelized. Restoring and enhancing this area will restore the historic infiltration that occurred in the native landscape thus improving water quality, reducing runoff, and restoring groundwater hydrology to adjacent wetland communities. The project sponsors are the City of Iowa City, the City of Coralville, and the University of Iowa.
