OD-IV

ILLINOIS RIVER

SLOW / NO WAKE ZONE

Lockport Controlling Works, RM 293.1 to 293.3

Current construction efforts underway at the Lockport Controlling Works to include contractors that are utilizing coffer dams in the construction zone. Due to the nature of the dams and personnel working inside them, minimal wakes are necessary for the safety of contractor personnel. **SLOW / NO WAKE** signs have been posted at mile markers 293.1 and 293.3.

CAUTION is advised while transiting the area.
