Campsite Registration Procedures

1. Upon entering the campground, choose an unoccupied site. Occupied sites will have a "Site Occupied" card attached to the campsite number post. Reservable sites will have an "R" on the post. Please check with the fee attendant to see if a reservation has been made before setting up on a reservable site.
2. Leave your camping equipment on the camp pad and return to the Fee Collection Booth within one hour to register and pay your fee. Your camp pad number and car license number are needed to register. If the fee booth is closed upon your arrival, come back to register within one hour after the booth reopens. Booth hours vary - call the Lake Red Rock Project Office at (641) 828-7522 for more information.
3. Campers are encouraged to pay for their entire stay when they arrive. Payment of camping fees must be kept current. Registered campers will display a current "Site Occupied" card on their site post.
4. Individuals may only rent one campsite for their personal use. Campers are not allowed to register for individuals other than themselves. The future occupant of a campsite must be the one to register for that site. The only exception to this rule are individuals reserving campsites through the National Recreation Reservation Service (NRRS).
