

CHERRY GLEN & OAK GROVE PICNIC AREAS

With these two different picnic areas to choose from, Saylorville Lake offers a wide variety of outdoor recreation opportunities. Outdoor recreation provides physical, emotional and social benefits to individuals by keeping them healthy, reducing stress, re-energizing the body and mind, and bringing friends and families together.

The various recreation activities provide an opportunity for a variety of social events at Saylorville Lake. Both picnic areas have restrooms, water & playgrounds. Each shelter has volleyball uprights, a fireplace, group grill, lighting, electric outlets and 10 picnic tables. All shelters can be reserved for a fee, but are also available on a first come first serve basis for no charge.

Cherry Glen Picnic Area is highly used in comparison to Oak Grove Picnic Area. Improvements to Oak Grove should help boost the use of this area. These proposed improvements will bring new opportunities and a higher level of quality service to the public.
