## Project Location Information

**Location:** Perry, Iowa  
**River Basin(s):** Des Moines / Skunk, Des Moines / Skunk  
**State(s):** IA  
**Congressional District(s):** IA-4

### Status

Funding is needed to initiate feasibility in FY 2008.

### Description

Two sewage lagoons, located along the North Raccoon River in Perry, Iowa are being threatened by erosion during high flow periods. The stability of the lagoons and the potential for contamination of the North Raccoon River increases the need for emergency streambank protection at this location. The opportunity exists to stabilize the bankline and to protect the lagoons from further erosion.
