of Engineers**

UPPER MISSISSIPPI RIVER SYSTEM FLOW FREQUENCY STUDY

(Upper Mississippi, Lower Missouri, & Illinois Rivers)

September 4, 2002

TO: Recipients of letter (with levee elevation tables attached) addressed to Levee Districts in the Flow Frequency Study Area

The purpose of this notice is to notify you that the criteria for providing levee elevation verification have been modified to include the following:

- The Corps of Engineers will accept data through October 15, 2002.
- In addition to licensed land surveyors, the Corps of Engineers will accept revisions from licensed engineers and architects.

Certified revisions to the levee elevation tables must be provided to the point of contact for your location:
