

Project Factsheet for: Bear Creek, Roland, Iowa, Route 221 Bridge

Date Last Updated: 02/13/2009 10:28

Project Location Information

Location: City of Roland, Story County, Iowa
River Basin(s): Des Moines
State(s): IA
Congressional District(s): IA-4

Status

Funding is needed to continue feasibility in FY 2009.

Description

Bear Creek is causing severe erosion of a roadway and a bridge abutment in the City of Roland. If left untreated the roadway and bridge abutments may be lost. The opportunity exists to stabilize the bankline and to protect the bridge from further erosion. The project would also protect public utilities adjacent to the stream and roadway.

Summarized Financial Data

	FEAS	D&I
Estimated Federal Cost	\$100,000	\$160,000
Estimated Non-Federal Cost	\$0	\$60,000
Total Estimated Cost	\$100,000	\$220,000
